

# BERLIN HEARS NEW TERMS WITH PESSIMISM

### CATTLE SALE IN DIXON NEXT WEEK WILL DRAW MANY

Rock River Valley Sales Co. to Open New Pavilion.

Painters and decorators this morning started work in the interior of the Rock River Valley Breeders' Sales company pavilion on Depot avenue in Dement-town and will very likely complete their work next week. All of the stalls have been placed on the ground floor and the wash rack installed and the work of building a balcony suitable for the accommodation of onlookers has been almost completed while the spacious opera chairs are now being placed. In all, the pavilion far exceeds the promoter's expectations and is perfectly satisfactory for the purpose for which it was intended.

The first sale will be held in the new pavilion on June 25 and inquiries and requests for the sale catalogues are coming in from all parts of the country. In this morning's mail two requests were received from pure bred Holstein breeders in Pennsylvania.

**Big Breeders Are Coming.**

W. A. Green of Middletown, Ohio and Pewaukee, Wis., probably the best known breeder of pure bred Holstein cattle has written that he will be present on the date of the initial sale.

Mr. Nieman who was former manager of the great Pine Grove Holstein farm at Elma, N. Y., has also signified his intention of being here upon this occasion. Mr. Nieman managed the Pine Grove farms up to the time of the recent dispersion sale held at Elmira, which attracted pure bred Holstein breeders from all parts of the world and which netted the owner of the cattle over a million dollars.

Rag Apple Korndyke VIII, purchased from the Koro farm by Messrs. E. J. Countryman, E. M. Detweiler, C. E. Cox and W. A. Green, is now at the latter's pure bred Holstein stock farm near Pewaukee, Wis. This animal will be shown at the Wisconsin state fair at Milwaukee this fall.

**Big Thing for Community.**

That cities are commencing to realize the importance of these sales and are making efforts to provide suitable locations for them is shown by newspaper reporters from many communities; therefore the people of the vicinity should be thankful that locally interested men have established the sale pavilion here without seeking public assistance. An example of the manner in which other communities look upon these pure bred cattle sales is shown by the following from last evening's Freeport Journal-Standard:

An effort is being made on the part of the stock breeders of Winnebago county to take the sales of the Tri-county Shorthorn Breeders' association from Freeport and have the sales held at Rockford. The Winnebago people, according to reliable information, are apt to succeed in their designs if Freeport does not soon offer a better sales pavilion for the use of the association. A new association, which according to Rockford papers, includes representatives from Stephenson county was organized at Rockford and several local stock men stated that the main purpose of the Rockford people interested is to take the sales from Freeport to Rockford. An effort is being made by them to have Rockford made the central place for sales and if they succeed it would mean that Freeport would no longer have the cattle sales.

Several months ago the officials of the Shorthorn association made an appeal for a pavilion in which to hold their sales threatening to take the sales to Rockford if a suitable place was not provided. A place was secured at that time for that sale but it was not suitable to the officials and they are now asking for a more suitable place. The sales of the association mean something to the business men of the city and an effort should be made to locate a place in Freeport for the sales.

Reports showing additions to the ranks of the strikers were received by Mr. Koenekamp, he said.

Officials at the Chicago offices of the West Union and Postal companies reported the situation as unchanged.

"Traffic is normal," the chief operators said.

The strike of the telegraphers entered upon its seventh day today.

### CALIFORNIA TIED UP.

By Associated Press Leased Wire  
San Francisco, June 17.—Telephone operators went on strike today in southern California and with addition to their ranks of others in central and northern California together with electrical workers, the industry promised soon to be paralyzed throughout the state.

Telephone girls struck yesterday in Los Angeles, San Bernardino, Long Beach and other places.

**2,700 Vote For Strike.**

Last night 2,700 operators in San Francisco, Alameda and Contra Costa counties voted to walk out. With this announcement made by the women and girls another soon followed from the male electrical workers of a larger district that they too would strike.

### MEXICO REFUSES TO COMMENT ON BORDER BATTLE

By Associated Press Leased Wire  
Mexico City, Monday, June 16.—(Delayed)—The Mexican government has nothing to give out for publication regarding the crossing of American troops from El Paso into Juarez, according to a statement made tonight at the offices by General Juan Barragan, President Carranza's chief of staff.

The tone of official dispatches seemed to indicate that Mexican officials on the border accepted the American claim that the attack on the Villa forces by American troops was for the purpose of protecting American lives across the frontier.

### EQUAL SUFFRAGE REPASSED TODAY BY LEGISLATURE

House Vote 134 to 4 as Senate Reratifies it Unanimously.

By Associated Press Leased Wire  
Springfield, Ill., June 17.—The Illinois legislature re-ratified the federal suffrage amendment today and repeated its action of last Tuesday made necessary by an error in the certified copy of the amendment received from Washington.

In the house the vote on the Boyd joint resolution of ratification was 134 to 4 and in the senate 48 to 0.

Representatives Lee O'Neill Brown, of Ottawa, Peter F. Smith and John Griffin, of Chicago, who cast their ballots against the resolution last week repeated the performance today and were joined by Representative Charles F. Franz, of Freeport. Representatives Joseph Perina, of Chicago, and H. A. Shephard, of Jerseyville, were present and not voting. All of the negative votes were cast by democrats.

**House Passes Barr Bill.**

By a vote of 90 to 30 the house today passed the Barr "nine hour bill" affecting working hours of women. The measure was heavily amended in the house, and goes back to the senate for concurrence. It is believed likely that the bill will have to go to a conference committee before an agreement can be reached on various controversial points. Representative Igoe and Miller defended the bill and Representative Browne and Dieterich opposed it.

**Aldermen Bill Adopted.**

Voting 192 to 6 the house today passed the senate bill providing for non-partisan elections of aldermen in Chicago. It now goes back to the senate for concurrence in house amendments.

The senate advanced to third reading the Dahl bill proposing fifty wards in Chicago. An amendment by Senator Boehm to increase the number of wards to ninety was defeated.

**Fraternities Bill Advanced.**

The house today advanced to third reading the Austin bill prohibiting fraternities and sororities in high schools after a motion of Representative Browne to strike out the enacting clause had been defeated 78 to 42. An amendment of Representative Laporte to extend the provisions of the act to universities, colleges and normal schools was adopted.

**Armory Bills Pass.**

Representative Gorman's bill appropriating \$117,000 and a re-appropriation of \$33,000 for an armory at Peoria passed the senate 49 to 0 today. It goes to the governor. Other house bills passed by the senate today, which await executive action, are as follows:

Smejkal — Appropriating \$1,285,000 for the new Joliet penitentiary and hospital for the insane; \$1,584,434 for maintenance of state normal schools; and \$11,500 for biological laboratory at the state university.

Tice — Appropriating approximately \$15,000,000 for state and federal aid roads.

Gregory — Appropriating \$20,000,000 for construction of the Illinois waterway.

Frisch — Appropriating \$35,000 each for monuments to Richard Yates, Sr., and John R. Tanner, former governors of Illinois, to be erected on the capitol grounds.

**Road Fund Increased.**

Road appropriations as passed by the senate were more than \$2,000,000 in excess of estimates of the state highway department, the funds to be realized from increased automobile fees provided for in new legislation.

Senator Jewell's bill requiring licensing by the department of registration and education for sale of tickets or solicitation for funds was passed by the house 104 to 18.

Senator Sadler's bill amending the "ejecment act" was killed in the house.

Governor Lowden signed the bill increasing the salaries of circuit court judges from \$5000 to \$5500 and the bill providing for a college of veterinary surgery at the state university, but so amended as to postpone work until after the convening of the next general assembly.

### TURKISH MISSION IS RECEIVED BY ALLIES

Vanguard of Peace Party Reaches Paris—Terms for Austria Up.

By Associated Press Leased Wire  
Paris, June 17.—The council of ten of the peace conference received the Turkish mission this morning. The Turkish delegation was headed by Damad Ferid Pasha.

The Ottoman representatives are here purely in the capacity of experts, and today's meeting was for the purpose of setting forth the Turkish situation to the conference. The meeting was quite formal. The members of the council arrived one by one. The Turks were clad in conventional morning clothes and wore fogies.

The meeting, which was a secret one, lasted an hour. At its close the Turkish representatives returned to Vauresson under escort.

The enemy status of the mission was emphasized by its entering through and departing by different doors from the members of the council.

**AUSTRIAN TERMS DISCUSSED.**

By Associated Press Leased Wire  
Paris, June 17.—The council of five met this afternoon and took up consideration of the remaining clauses in the peace terms with Austria. The council likewise considered other matters requiring its attention before the departure of President Wilson tonight for his trip to Belgium.

### BOYS' OUTING FRIDAY, JUNE 20, AT LOWELL

### Big Program is Arranged By Y. M. C. A. for County Boys.

Plans are being formulated to hold one of the biggest and most interesting outings that has been put on at Lowell Park for some time. The affair will be a clam chowder picnic and will be conducted Friday, June 20, by the boys' division of the Dixon Y. M. C. A. in co-operation with County Secretary Holliday who has invited all boys in the county.

Every boy 9 years of age and over is asked to attend. They will meet at the Y. M. C. A. at 8:30 a. m., where autos will be on hand to take them to the park. A splendid program of athletic events has been arranged and will be published in Thursday's Telegraph.

Boys are requested to bring tin cup and spoon for chowder and lots of eats for the big scramble dinner. Oh, yes, and all the red lemonade you can drink is free. Just a tip boys, Sam Bacharach has consented to make the chowder. Don't forget Friday, June 20, at Lowell Park.

### NOTHING NEW IN EXPLOSION MYSTERY TODAY

There have been no new developments in the mysterious explosion which damaged the Standard Oil company filling station in this city early morning, and pending the arrival of one of the company's experts nothing has been touched about the building, instructions being received to leave all evidences of the explosion undisturbed.

Consequently all of the wreckage in the basement of the building is just as it was after the explosion and visitors are not allowed into the room; the precaution making it sure that if there are any evidences there of the cause they cannot be removed.

Continued consideration of the circumstances attendant the explosion strengthen the belief of the local authorities and the employees at the filling station that nothing kept within the building as a part of the concern's stock or equipment could have caused the accident, and therefore an examination by the company's experts, which may be followed by a call to the State Fire Marshal's office for investigators, is anxiously awaited.

### "TED" HALEY'S TEAM WAS NOT DEFEATED

"Ted" Haley, last year captain of the basketball team of Creighton University at Omaha, Neb., arrived home last evening for a vacation visit with his parents, Mr. and Mrs. J. F. Haley. The young men's direction of the basketball team gave it a record untarnished by defeat during the season; and among the aggregations which fell victim to Creighton were Great Lakes and the Universities of Iowa, Nebraska and South Dakota.

### HE MEANT JOY RIDING.

"Look here, Harold," said a father to his little son, who was naughty. "If you don't say your prayers, you won't go to Heaven."

"I don't want to go to Heaven," sobbed the boy; "I want to go with you and mother."

### WILSON TO SAIL JUNE 24 IF FOE ACCEPTS TREATY

May Tell Congress of Peace Conference Upon Return.

By Associated Press Leased Wire  
Washington, June 17.—President Wilson hopes to leave Paris for Washington on June 24 or 25 if the Germans sign the peace treaty.

Immediately after his arrival in Washington, the president will address congress. After clearing up pressing official business he will start on his "swing around the circle" early in July.

It was said at the white house today that the president expected to spend three weeks on his speaking tour, explaining the peace treaty and the league of nations covenant. The itinerary has not been announced, but he expects to visit the principal cities over the country.

**Will Address Congress.**

The president has made known a desire that his audiences during his tour be composed largely of opponents of the league of nations plan rather than its supporters. He also has informed white house officials that he might discuss the league covenant in public addresses during his visit to Belgium this week.

Should he leave Paris a week from tomorrow the president should arrive in Washington about July 3. He will present the revised draft of the peace treaty to the senate and will discuss the treaty and league covenant in an address to a joint session of the senate and house.

### PNEUMONIA AND INFLUENZA ARE NOT DANGEROUS

### Dr. Chas. Duncan Says Boils Should Be Feared as Much.

By Associated Press Leased Wire  
New York, June 17.—Influenza and pneumonia are no more to be feared than a boil on the neck, according to Dr. Charles H. Duncan, one of the founders of the volunteer hospital, who, in an address here today before the convention of the allied medical associations of America, described his method of combating Spanish influenza by means of "immunizing a patient to his own poison." Upon 246 patients ill with pneumonia and influenza last winter Dr. Duncan said he had used the treatment "without a single fatality or any complications."

### TELLS HOW HE DOES IT.

"Briefly," the physician said, "I take one drachm of mucus from the infected area and pasteurize it in one ounce of filtered water where it remains several hours. One cubic centimetre of this toxine, injected subcutaneously, will effect a spontaneous cure of Spanish influenza, pneumonia, catarrh or any similar localized infection. It will stop any cough, except tuberculosis, inside of 24 hours."

The doctor said he had been using the method, which he calls "auto therapy," for about ten years and that it now was widely accepted by allopaths, homeopaths and eclectic physicians, although it had not been endorsed by the American Medical association. He said it had been successfully tested on 3,000 horses in the New York street cleaning department.

### IS GREAT DISCOVERY.

Dr. George F. Laidlow, professor of the history of medicine and diagnosis at Flower hospital, in discussing the Duncan method, said that the discoverer "has solved a problem that has been germinating in medicine for 2,000 years. Dr. Duncan's work marks the conclusion of Pasteur, Koch and Wright and is a decided step forward in the regular development of bacterial therapy."

### MEXICAN BORDER CLOSELY GUARDED TO PREVENT RAID

El Paso, Texas, June 17.—Every border city, town and hamlet along the Rio Grande in this district is being garrisoned by detachments of American troops by General Erwin to prevent the possibility of a Villa raid across the border for the expedition against Villa's force in Mexico.

Small patrols of troops will garrison the border between towns and the border west of El Paso has also been reinforced until the entire border front is under military guard.

### HAS FINE STRAWBERRIES

Supervisor Dave Spencer is raising a very superior grade of strawberries this year, of which he is justly proud. He won his way to the editor's heart with a box of enormous luscious berries.

Commissioner John J. Armstrong leaves tomorrow for Terry, Mont., to be gone for several days.

### LEAGUE DEBATE IS RESUMED IN SENATE

Knox Resolution Asking That it Be Separated From Peace Debated.

By Associated Press Leased Wire  
Washington, June 17.—The senate fight over the league of nations entered a new phase today with the beginning of debate on the resolution of Senator Knox, republican, of Pennsylvania, a former secretary of state proposing that the senate formally express unwillingness to accept the league covenant as it now is interwoven with the terms of peace.

The debate is expected to last for many days and to develop some of the bitterest passages yet produced by the treaty fight. League supporters before the debate began claimed they had enough votes to defeat the measure.

Those favoring the resolution declared that if it should command the support of more than one-third of the senate the result would be to serve notice that the treaty never could receive in its present form the two-thirds necessary for ratification. This, however, was denied by the opposition leaders.

**Knox Opens Fight.**

Senator Knox was ready to open the debate. Senator Johnson, republican, of California, may also speak during the day regarding the reply received yesterday to his resolution asking the state department for the complete treaty text. The resolution, adopted ten days ago, was forwarded by the department to President Wilson at Paris, who replied that he did not consider it in the public interest to transmit the treaty until it was completed and ready for signature.

Another topic expected to draw discussion was the announcement yesterday that President Wilson, as soon as he returns to this country, will begin a speaking tour in support of the league.

### NO CONCERTS BY DIXON BAND THIS SUMMER UNLESS

### Outside Sources Must Collect Money for Musicians.

If the people of Dixon and vicinity are to have band concerts this summer it will be up to someone not a member of the Dixon Municipal band to solicit and collect the money for the concerts. Many inquiries addressed to Prof. W. H. Smith, director of the band, concerning the probable time for beginning the summer concerts resulted in the matter being put before the members of the organization and their decision that the solicitation of the money should be done by someone not a member of the band.

In former years, it is stated by band men, the members of the organization, particularly the director, have had to put in considerable time soliciting the money for the concerts, and again as much time collecting the funds. The band men feel that giving one night a week during the winter to rehearsals and other sacrifices of time to keep the organization intact is sufficient and that therefore unless the money for concerts is collected by outside sources there will be none this summer.

It is probable the question will be submitted to the city council or the Chamber of Commerce, those organizations being asked to take the matter in hand, name a committee to solicit the funds and otherwise arrange for a series of summer concerts in Dixon, similar to those which have been started in neighboring cities.

### WEBB GAYLOR DIED AT COUNTY INFIRMARY TODAY

Webb Gaylor, a former resident of Dixon, passed away at 11:15 this morning at the county home, death resulting from an attack of heart trouble. He had been bedfast for about two weeks. Mr. Gaylor was sent to the home about six weeks ago from Dixon. He was about 55 years of age and came to Dixon a few years ago from Tennessee. A wife and two children, residing near Ashton, survive.

### Joe'll Get You Ef You Don't Watch Out

J. E. Miller of this city has been appointed state automobile investigator for this section of Illinois. His appointment was made by Secretary of State Louis L. Emmerson a few days ago and he has been furnished with all of the necessary credentials and has taken up the duties of his office.

Special auto investigators are being named in all parts of the state and furnished with badges and necessary credentials coming from the office of the secretary of state with jurisdiction throughout the state of Illinois and are required to see that all of the state automobile and motor laws are observed. They are empowered to make arrests of violators at any place where they may be apprehended and the state prosecutes the offenders. The investigators work with the sheriff and police forces in bringing about the enforcement of the motor vehicle laws of the state.

### OPINION IS THAT REVISED PACT IS STILL TOO CRUEL

### Conference Officials in Paris Fear Foe May Reject It.

By Associated Press Leased Wire  
London, June 17.—Seven members of the German cabinet favor signing the amended peace terms while the other seven are opposed to signing, a Reuter dispatch from Berlin says.

By Associated Press Leased Wire  
Paris, June 17.—Among the concessions contemplated for Germany in case she signs the peace treaty, it was learned today, is the use of 30 per cent of her merchant ships for two years. Other such concessions would be permitted for her to dispose of her gold and serve and to purchase the minute iron necessary for smelting her own ores.

### PUBLISH TEXT THURSDAY.

By Associated Press Leased Wire  
Paris, June 17.—It was officially stated today that the full text of the revised draft of the German treaty would be made public Thursday. Copies of the document will be handed to the correspondents in Paris.

The memorandum that was handed to the German plenipotentiaries yesterday was printed textually here this afternoon.

By Associated Press Leased Wire  
Weimar June 17.—The new allied terms reached here late last night and the first apparent effect upon the German leaders who remained awake to wait for the terms was that of depression. A report passed rapidly through the old castles where the government heads are residing temporarily that the signing of the peace terms by Germany was highly improbable.

No one would talk for publication but every official and every member of the foreign office available expressed the deepest pessimism and resentment at the alleged cruelty of the terms.

The Germans were especially embittered over a report that a French mob had stoned the helpless German delegates at Versailles.

### PARIS IS PESSIMISTIC

By Associated Press Leased Wire  
Paris, June 17.—(Havas)—The majority of the members of the peace conference believe that Germany will not sign the peace treaty according to Marcel Huth of the Echo de Paris, who made a canvass of a number of the leading personalities of the peace making body. Only one of these leaders, M. Hutin declares, expressed the opinion that the Germans would accept the revised treaty. This member, however, is one whose opinion, the writer says, he holds in the greatest esteem.

### MANY CANADIAN STRIKE LEADERS TAKEN IN RAIDS

Ten Winnipeg Radicals Are in Custody—More Will Be Taken.

By Associated Press Leased Wire  
Winnipeg, June 17.—Ten strike leaders were arrested in their homes early today and transported in automobiles to some place in the country, presumably Stormy Mountain, by government police officials. Other arrests are reported to have been made in Calgary and other western points at the same time.

Simultaneously with the arrests of the strike leaders, the Royal Northwest Mounted Police raided the labor temple from which the strike has been conducted. Considerable literature, was seized. The police broke down doors and windows during the raid.

The official list of the persons arrested includes R. B. Russell, the Rev. William Ivens, R. E. Bray, George W. Armstrong, Alderman John Queen, and A. A. Heaps, and four Russian agitators. The arrests and raid were made between 3 and 4 o'clock this morning.

### Search and Seizure Bill Hearing June 20

By Associated Press Leased Wire  
Springfield, Ill., June 17.—A public hearing on the search and seizure bill will be held before Governor Lowden Friday morning at 11 o'clock. The bill which has passed both houses of the legislature provides for control of the manufacture, possession and use of intoxicating liquor in prohibition territory, and will become a law when the bill is signed by the governor.

Charles Keenan and wife arrived in Dixon this morning from Colorado, to spend several days visiting relatives and friends.

# LUTHERANS LOSE TO PRESBYTERIAN TEAM

First Game Between Two  
Teams Results in 19  
to 14 Score.

In the first game between the two teams, the Presbyterians defeated the Lutherans last evenings in the Twilight Baseball league by the score of 19 to 14. The game was the longest of the season in the league and was marked by frequent interruptions because of disputed decisions.

Walter White was on the mound for the Lutherans and in all but one inning held the Presbyterians to few hits. In the fifth the Presbyterians found him for enough hits to put eight runs over the plate. Tidball pitched for the Presbyterians and with good support held the score low with the exception of two innings. The lineup:

## STILL NEED OF WORK BY DIXON RED CROSS BODY

Children's Nightgowns  
and Suits for Conval-  
escents Needed.

Word has been received at the headquarters of the Lee County Red Cross announcing that those who have held memberships in the organization have not been excused from active service. Work is coming in steadily for the local chapter and a great deal remains to be done. At present the chapter has an assignment of children's nightdresses and petticoats to be made at once. They are asked to complete 200 of each of these garments besides turning out a number of "convalescence suits" to be used by soldiers at Fort Sheridan.

The material for the making of the children's nightdresses has been received and cut out according to the patterns. The material is at the rooms in the Telegraph building and can be obtained by those who would be kind enough to do this work. Mrs. J. M. McClary is in charge of this department of work and would be pleased to supply the ready cut material in lots of from one to a dozen to any organization, club or individual who would be kind enough to assist in this work. The work is to be completed by a certain date and is very much in demand at this time.

Some of the local church organizations have been assisting in getting out the work assigned to the Dixon chapter and are assisting in this last quota. To those who have served the chapter is exceedingly thankful.

## NIECE OF DIXON WOMAN IN AIRSHIP

The following from a Salt Lake City paper tells of a ride in an airplane taken by Miss Eva Kass, a niece of Miss Margaret Murphy of this city:

"Lieutenant Les Pyke, who has seen active service in France as a pilot in the air service, also made two trips in the air Sunday. On the first trip he was accompanied by Miss Eva Kass, his fiancée. The pilot rose 2,000 feet and then bordered the city, remaining in the air twenty-five minutes. During this time he illustrated to his future wife the actual experience what is meant by steep curves, nose dives and skidding.

### New Sport Gaining.

"Miss Kass, when asked if the high altitude made her the least bit night head, replied: 'Why I never felt better in my life! The air was simply great!'

"Enthusiasm over this new sport is showing remarkable growth in Salt Lake. Since May 22, daily flights have been made."

## Present Aeroplane Unsuited for Ocean Travel, Says Alcock

By Associated Press Leased Wire  
Dublin, Monday, June 16.—(Delayed.)—A tumultuous welcome was given Captain Alcock and Lieutenant Brown on their arrival here tonight. When the train entered the broadstone station, cheering crowds fairly mobbed the fliers' car, dragging them out and carrying them to waiting automobiles. American soldiers on leave waving the Stars and Stripes was a feature of the demonstration.

The outstanding conviction of the flight impressed on Captain Alcock was

he remarked to the correspondent, is that the airplane in its present state of development is not the type of machine for trans-Atlantic voyage.

"The next time I cross," he said, "it will be in a flying boat. I foresee for the flying boat a great future, both as a passenger and commerce carrier."

Lieutenant Brown remarked that the lesson gained was that marine navigation is entirely applicable to airplane.

### ALCOCK TO VISIT U. S.

London, Monday, June 16.—(Delayed.) Captain John Alcock, who, with Lieutenant Arthur W. Brown, completed on Sunday a trans-Atlantic flight from Newfoundland to Ireland, told the Associated Press today that he intends to make a trip to the United States soon.

## DIXON GOLFERS TO ROCKFORD FOR GAME

Fifteen members of the Dixon Country club left this morning at 8 o'clock in automobiles for Rockford where they will spend the day at the Sinnissippi golf club. They expect to arrive in Rockford about 10:30 and were matched against the Sinnissippi golfers this afternoon. The Sinnissippi course is one of the finest in the state and has been selected for the place for holding the regular annual state tournament this year.

**KINDERGARTEN CAMPAIGN—**  
Kindergarten and mothers of children of kindergarten age will be especially interested in the effort that Texas is making to increase the number of its kindergarten. An item telling of the campaign is given below:

A campaign for more kindergartens in the state of Texas was successfully launched by a state kindergarten rally held at Fort Worth, March 22.

Letters from Governor Hobby and Lieutenant Governor Johnson endorsing the kindergarten movement were read at the opening of the rally, and the delegates were welcomed by Mrs. E. A. Watters, President Texas Congress of Mothers and State Chairman Children's Year; and by Mrs. C. W. Conner, President Texas Federation of Women's Clubs.

The principal address of the afternoon session was by Miss Almira Winchester, Kindergarten Specialist, Bureau of Education, Washington, D. C., who took for her subject "The New Demands on Education and How the Kindergarten Responds."

It was announced that Mrs. H. Worth Jones of Houston had been appointed "field worker" for the spring and summer months, the money for her expenses being provided by the Children's Year Committee, General Council of Defense. This committee felt that money spent for the kindergarten movement was a natural and logical result of what they had been trying to do through the Children's Year, and that they could not do better than devote their surplus to this work.

## ENTERTAINED AT LUNCHEON—

Miss Harriet Thomas, of Newport, Rhode Island, and Mrs. Wm. Graves, of Dixon were guests of honor at a luncheon given in Franklin Grove Saturday by Mesdames James Lincoln, C. D. Hussey, and D. E. Miller, on the lawn of Mrs. Lincoln's residence. Forty guests were present. As Miss Thomas could be in Franklin Grove but the day the luncheon was given in order that all her former friends might be able to see her. She formerly resided in Franklin Grove. Miss Thomas is secretary of the Organized Charities at Newport and told interestingly of her work after the luncheon when the afternoon was given over to informal chat.

At one of the London receptions of President Wilson, just after his carriage had passed through St. James street, amid indescribable enthusiasm, a religious crank broke into the procession with a big placard reading, "Prepare to meet the King of Glory!" A "cullud ge'man" on the curb shouted, "Yo' too late, chile, he jus' done gone by." And all London that could hear burst into laughter.

## NEIL PAYS THE LAST OF HIS OBLIGATIONS.

### CHAPTER CXXII.

How we both enjoyed that month together. Father and mother only remained a week, then once more Neil went into town to business. A business that must once more be readjusted to meet peace requirements just as it had to be adjusted to meet war conditions. But his month's rest had done him all sort of good. He looked and said that he felt a different man. Then one day he came home a subdued look of joy on his face.

"They are all paid, Bab, every one. Thank God I am a free man once more," he threw back his shoulders as if he were throwing off a load.

Really Neil! oh, I am so happy! and so glad for you." Then I added, trying to speak lightly: "Now we can begin to save for our old age. It won't be hard, we are so accustomed to it."

"You have been the best wife a man ever had," he replied as he took me into his arms. "Some women would, under the circumstances, either driven a man crazy with regrets, or have left him."

"Not if they loved—as I do you." "You never have cared for anyone else have you Bab? Even when I neglected you and left you alone so much."

"No Neil. I never have cared for anyone but you, never will."

"Do you know dear I used to sort of imagine you liked Frederick, altho I knew he was not a lady's man. But you seemed to be so pleased to see him, to repose such confidence in him—not that I blame you for that, but then I at times used to wonder if you weren't falling in love with him."

"Nonsense! he is a confirmed bachelor."

"You needn't blush like a school girl at the idea of falling in love with him. I know you didn't, but as I said I used to think you liked him a lot."

"I did, and I do now. But not the way you mean."

"He is coming out Sunday. He'll motor down about noon."

"I didn't know he was in town."

"Came yesterday. Is only going to stay a day or two, and seemed very pleased when I asked him down. Said he would like to see you and Robert again. Asked some leading questions as to Robert's tastes, I imagine he will come loaded."

"I shall be very glad to see him," I meant it. We owed everything we were to him. Scott never would have spared Neil.

"Better get a woman in to help with the dinner so you can visit with him."

"No dear. We haven't a penny to our names now that you have paid your debts. I will get the dinner all ready before he comes, and not clear away until later in the day." Some time before I had given Neil the money I had saved from my allowance to add to his in bank. We knew nothing of what his salary would be now that the

need for such strenuous labor was over. I would not let pride lead me to do anything different because Mr. Frederick was to be our guest.

Sunday was a lovely day, and our little home never had looked more attractive. The spring had come early, and the air was soft and balmy. I had prepared as nice a dinner as I knew how, then dressed myself becomingly to await our guest.

As I dressed I couldn't help but wonder if Mr. Frederick still cared for me a little, then smiled to myself to think how like I was to every other woman. I did not love him, did not want to, yet I was pleased that he had cared, and I'll confess it, I rather hoped he still did—a little.

When I went down to meet him I knew that his feeling for me had not changed. I knew it from the light in his eyes, the way he held my hand, and I flushed a little under his gaze as I recalled my thoughts while dressing.

"You have a nice little nest here," he said looking about.

"Indeed we have! Neil must show you around after dinner," I replied, then hurried to the kitchen. And it was not all the heat from the stove that colored my cheeks as I called them to the table. It was the innocent pleasure I felt in knowing I was still admired.

We had a long happy afternoon. He took us for a drive about three o'clock, and we motored over Oyster Bay way, and showed him where Colonel Roosevelt had lived, then where he was buried. As Neil had thought he had brought Robert a tennis racket and

balls, and the boy insisted upon being included in the conversation.

"Another member of the family has surrendered," Neil said laughing, when I chided Robert for being too familiar. "We understand, don't we Robert?" Frederick said, "You see we had a long talk before dinner, and Robert has decided to let me be sort of a third in his affections, because I haven't any little boy."

What that "third" was going to mean we had no slightest suspicion

## PHILIPPINE INDEPENDENCE.

The Philippine mission now in this  
country, testifying at a joint meeting  
of the senate and house committee, re-  
vealed some interesting things as to the  
islanders' plans for independence.

According to Senor Quezon, head of  
the mission and president of the Philip-  
pine senate, the Filipinos expect to be  
given their full freedom soon, in fulfill-  
ment of what they call repeated declara-  
tions made by the United States, they  
themselves supplying the word "soon."  
Immediately on receiving their inde-  
pendence, they will apply for member-  
ship in the league of nations.

They are a confident people, unsuspici-  
ous of every one, save as they have  
some suspicion that the United States  
which saved them from the tyranny of  
Spain, and gave to them schools and  
peace and freedom from depredations by  
their own savage tribes, may yet treat  
them shabbily. They are satisfied that  
membership in the league of nations  
will guarantee them sufficient protec-  
tion from outside aggression.

In reply to a question as to what  
should be the future relations of the  
United States and the islands, Senor  
Quezon said he thought it might be well  
if the two countries had some sort of  
understanding whereby the United  
States would help its protegee in case of  
need; but he does not consider even that  
necessary, he does not fear that his is-  
lands might be gobbled up by Japan or  
Korea was gobbled up, or oppressed and  
outgeneraled as China has been.

It does not occur to Senor Quezon that  
the United States may not be in the  
league of nations, that membership in  
it has not yet been definitely accepted,  
and that, without such membership by  
the United States, if the Philippines de-  
pended solely on the league, they might  
find themselves with cause to regret that  
they had been in such a hurry to break  
relations with America.

## TABLOIDING THE MASTERS.

The tabloid life has come to its full  
fruition in the proposal of a group of  
newspapers to print some of the stand-  
ard novels in ten-minute form, offering  
one a day to the seeker after culture  
who can not or will not take the time  
to read them in full.

Dickens, Thackeray, Scott, Kipling,  
Stevenson and many another master of  
his craft is to be thus boiled down and  
(mis) represented.

The initial undertaking is David Cop-  
perfield. The cold, brief outline of that  
epic of youth has about the same rela-  
tion to the novel itself as has an uncol-  
ored relief map to the scenic wonder of  
America. It conveys just about as much  
idea of the real interest of the contents  
as a ground plan of Westminster Abbey  
would give of that famous treasure  
house of history and beauty.

If the older authors are to be present-

ed in briefer form for the benefit of a  
short-story-mad public, would it not be  
more appropriate to do it with excerpts  
from the books themselves rather than  
with colorless outlines?

Nobody could read Dickens' immortal  
description of David Copperfield's meet-  
ing with his Aunt Betsey Trotwood, or  
his account of the wreck, with Steer-  
forth, "lying among the ruins of the  
home he had wronged, with his head up-  
on his arm as I had often seen him lie  
at school," and not want to read more.

What skeleton framework can com-  
pare with Thackeray's own story of the  
death of Colonel Newcomb, or do jus-  
tice to the art which has made of that  
gentle old soldier an immortal ideal?

Tabloid if we must, but at least let us  
keep the essential power and sweetness  
which lies in a great story as the author  
tells it himself.—Moline Dispatch.

## CITY BRIEFS

**Council to Meet**—The regular weekly  
meeting of the city council will be held  
this evening at 8 o'clock.

**K. T. Election**—The election of offi-  
cers will be the feature of the meeting of  
Dixon Commandery No. 51 Knights  
Templar this evening at 7:30 o'clock,  
and all Sir Knights are asked to be  
present.

**New Lamp Posts**—A force of electrici-  
ans from the Illinois Northern Utili-  
ties company yesterday started the  
work of adding new decorative lighting  
posts on Hennepin avenue between  
First and Second streets. The first steel  
pole was set yesterday afternoon and is  
directly in front of the J. A. Covert  
meat market. Others are to be added  
later in the summer.

E. Reilly of 721 Monroe avenue, this  
morning, received a telegram announc-  
ing the arrival at Camp Mills, of her  
son Richard, who has been with the  
American army in France.

**Finishing Moving**—Lee Mathias will  
probably complete moving his grocery  
stock from the Rosbrook building on  
Peoria Ave., to the room in the Dodge  
building on Galena Ave., which has  
been remodelled for him and which will  
give him an exceptionally pleasant and  
well-arranged store, tomorrow.

**Coming From Siberia**—Relatives  
have received word from Wallace Tem-  
pleton, who has been with the U. S. A.  
in Siberia, that he is on his way home.

**Service Men Free**—All soldiers and  
sailors will be admitted free both to  
the hall and to the dancing at the  
Moose bazaar, which begins on Wednes-  
day evening. Each should have with

him some means of service identifica-  
tion for the convenience of the com-  
mittee.

**At Newport News**—Edward Collins,  
who has been in overseas service, has  
telegraphed his family that he has ar-  
rived at Newport News and expects to be  
discharged soon.

**Myron Cummins Lands**—Telegrams  
received by Dixon friends from Myron  
Cummins, limited service man who had  
been in France since November, an-  
nounce his arrival at Newport News  
last evening. He expects to be at  
Camp Grant within a week or ten days.

Seaplanes Complete  
Gulf to Lake Trip

By Associated Press Leased Wire  
Chicago, June 17.—Two navy sea-  
planes completed a trip from New Or-  
leans to Chicago today when they  
alighted in Lake Michigan at the foot  
of East Randolph street at 10:30 o'clock.  
The final leg of the flight was  
from Peoria, Ill., where unfavorable  
weather forced an interruption yester-  
day of their flight from St. Louis. The  
planes were piloted by Lieutenant Com-  
mander Stanley and Ensign Arthur. A  
third plane which left St. Louis with  
them was delayed at Peoria.

## OPINION IS THAT REVISED PACT IS STILL TOO CRUEL

(Continued from Page 1)

### ALLIES DELIVER REPLY

Paris, Monday, June 16.—(Delayed).—The detailed reply of the peace conference to the counter proposals of the Germans, which was handed to the German delegation at Versailles today takes up in its order each of the objections made by the enemy to the provisions of the original peace treaty.

Among the modifications to the treaty which are accorded to by the conference are frontier rectifications for West Prussia, a plebiscite in upper Silesia, with a guarantee to Germany that she will receive fair treatment in securing mineral products from that region; modifications in the clauses relating to finance, economic and waterways phases of the treaty; permission for Germany to retain 200,000 men in its army temporarily and a promise to furnish Germany within a month with a full list of the persons who are to be tried for responsibility for the great conflict and violations of the laws of war.

### Blamed For War.

Taking up the subject of penalties, the reply enters into a discussion of the immediate cause of the war and says that the conflict was brought about through the "decision, deliberately taken of the statement of Berlin, Vienna and Budapest." It is pointed out that even the German memorandum admits that Germany authorized Austria-Hungary to settle the Serbian question on her own initiative, and, moreover, supported Austria's rejection of Serbia's "extraordinary concessions." It is declared that Germany steadily rejected every proposal for a conference and did not urge moderation till all hope of avoiding war had vanished. German attempts to throw the blame on Russia, because of her mobilization of her army, it is pointed out, is vitiated by the fact that this mobilization was the immediate result of Austria's action.

### Policy Had Been Planned.

"But the outbreak of the war," the reply says, "was no sudden decision taken in a difficult crisis. It was the logical outcome of a policy of domination, aggression and was following by Germany for decades. Hypnotized by Bismarck's spirit of blood and iron, Germany set about sowing suspicion and discord among the nations, conspiring with elements of unrest in every land, steadily increasing armaments and mobilizing the universities, press, pulpit and governmental authority to inductinate the gospel of hatred and force. The essential truth of these charges is admitted by the Germans themselves through their revolution."

"The war was a crime deliberately plotted against the life and liberties of the people of Europe. It brought death and mutilation to millions. Starvation, unemployment and disease stalk across the continent from end to end. The punishment of those responsible for bringing on these calamities is essential on the score of justice and as a deterrent for others who may be tempted to follow their example."

### Must Have Fair Trial.

The reply asserts the powers cannot "entrust the trial of those responsible to those who have been their accomplices." The tribunals established for the trial of those under charges will represent the deliberate judgment of the greater part of the civilized world, and there can be no question of admitting the right of jurisdiction of representatives of countries which took no part in the war. The allies, it is declared, will stand by the verdict of history for the impartiality and justice with which the accused will be tried. The accused will be insured full rights of defense and the judgment of the tribunal will have the most solemn judicial character. The allied and associated powers are prepared to submit a final list of those who must be handed over to justice within one month of the treaty.

### Reparations Questions.

The allied and associated powers refuse to enter into a discussion with the principles underlying the reparations clauses but certain observations are made, especially as the German proposals are said to "present a view so distorted and in exact as to raise a doubt if the clauses were calmly and carefully examined." The problem of reparations is of such extraordinary magnitude and complexity that it can be solved only by a continuing body, limited in personnel and invested with broad powers. The reparations commission, the reply declares is instructed to exercise its powers so as to insure the interest of all as early and complete a discharge by Germany of her reparations, obligations as is consistent with the true maintenance of the social economic and financial structure of Germany.

### Commission Will Aid.

It is pointed out that the commission is not an "engine of oppression" nor a device for interfering with Germany's sovereignty. Its business is to fix what is said to be paid, satisfy itself that Germany can pay and report in case Germany does not pay. The commission cannot prescribe or enforce taxes or dictate the character of the German budget, but may examine the latter to see if any modification is desirable, probably in Germany's interests, and to be assured that German taxation is at least as heavy as the heaviest allied taxation.

It is pointed out that not only are the conditions not incompatible with the creation by Germany of a commission to represent her in dealing with

the reparations commission and for such co-operation as may be necessary, but it is greatly to be desired, that she will take exactly that step.

### Germany May Choose.

The powers are willing that within four months of the signature of the treaty Germany may submit any proposals she may choose to make. In particular, she may offer a lump sum for all or part of her liability, undertake to reconstruct all or part of a damaged district, offer labor, technical service or material for reconstruction, or, in short suggest any feasible plan to simplify the assessment of damage, eliminate any question from the scope of inquiry, promote the performance of the work or accelerate the definition of the ultimate amount to be paid. Germany must, however, negotiate direct with the powers concerned before making proposals, submit them in unambiguous form and accept the reparations clauses as matters beyond dispute. No arguments or appeals directed to any alteration will be entertained.

Within two months thereafter the allied and associated powers will answer such proposal and agree to consider seriously and fairly any suggestions made. It is said the problem is largely one of statistics, of which the powers have received but one side. Germany is invited to produce evidence which will accelerate final decision.

### No Definite Offer.

The reply says that the Germans made no definite offer as to reparations, but "gave only vague expressions of willingness to do something." The sum of 100,000,000,000 marks, which was mentioned in the enemy counter proposals, is said to give the impression of an extensive offer, which upon examination, it proves not to be. Interest was not to be paid, and until 1925 there would be no substantial payment, after which there could be a series of undefined installments running over nearly half a century.

Declaring that the resumption of German industry is of interest to the allies, as well as to Germany, the reply declares that commercial facilities will not be withheld from Germany, but they will afford to Germany facilities for food supplies, raw materials and overseas transport, under conditions "which cannot be laid down in advance."

### Treaty Must Be Signed.

"Meanwhile the treaty must be signed," the reply declares. "The burdens of Germany undoubtedly are heavy but they are imposed under conditions of justice by peoples whose social well-being and economic prosperity have been gravely impaired by wrongs which it is beyond the utmost power of Germany to repair."

In the financial section of the reply it is stipulated that reparations must be

made prior to the settlement of all other German public debts, with such exceptions as the commission may approve. Payment for food may also be a first charge, and gold may be exported on approval.

### May Pay Military Expense.

Germany must pay the expense of military occupation, as an essential guarantee of peace, and war material surrendered after the armistice cannot be credited against reparations. Liberated territories will bear their portion of the pre-war debt, but will not assume any part of the war debt itself.

"After the events of the war," it is said, "the powers have the right to demand that Germany be no longer intimately involved in their financial or economic life, or in that of Germany's former allies, or Russia. As the greater part of Germany's foreign securities must be liquidated, the protection of German holders will no longer justify German participation in international organization."

The right is reserved to demand of Germany also her credit in Austria, Hungary, Bulgaria and Turkey.

### Economic Clauses.

In the discussion of the economic clause, the reply states that the principles enunciated by President Wilson and embodied in the covenant of the league of nations as to the equality of trade conditions will be brought into effect when the world returns to normal but in the meantime a transitory regime is essential to save certain allied states from a position of economic inferiority because of the damage done to their territories during the war. Reciprocity is impossible at present and a general and indiscriminate re-application of multilateral and bilateral treaties cannot be accepted.

Consular relations are not reciprocally established, owing to the war activity of German consuls. Private property of Germans abroad may be justly used to meet reparations charges. The property of German institutions for research and education it is said, "can not be immune in the light of their past activities."

### Aerial Terms Unacceptable.

The German proposals relative to aerial navigation have not been accepted.

It is pointed out that German objections to the clauses pertaining to ports and waterways are too general to admit of a detailed reply. After outlining the objections made in the German counter proposals, the reply declares that until the transitory period is passed and general conventions can be laid down, it has appeared essential that the provisions of this section of the treaty must be enforced.

Provision is made for the extension of these provisions and for the ultimate grant of reciprocity, but only after five years, unless the league of nations decides to prolong the period. No attempt

is made to prevent the legitimate use by Germany of her economic resources, but rather to secure freedom of transit for young, landlocked states. The commissions established by this section of the treaty will function, not alone over German territory but over at least one allied country as well, it is said.

### Labor Is Protected.

The two notes already sent in reply to the German notes relative to the labor clauses of the treaty are said to cover this subject. The treaty makes provision for the protection of labor in ceded territories, and a plan for referring all cases not reached by direct negotiation to impartial technical commissions is inserted in the convention.

In taking up the clauses referred to guarantees, the reply quotes an ad-

dress by President Wilson, in which he said:

"The reason why peace must be guaranteed is that one of the parties to that peace has proved that his promises are not worthy of faith."

### Military Occupation Continue.

Military occupation by the allies will continue as a guarantee for the execution of the treaty. There also will be constituted a civilian body called the inter-allied Rhineland high commission, consisting of four members representing Belgium, France, Great Britain and the United States. It shall have executive powers and its members shall enjoy diplomatic privileges and immunities.

The civilian administration shall remain in the hands of the German au-

thorities under German law, except where it may be necessary for the high commission to act. The allies retain the right to requisition in kind and to demand services. Germany will be responsible for the expenses of the high commission as well as for those of military occupation.

Germany will undertake to place at the disposal of the allied troops such military establishment and accommodations may be required. The transport service and the telegraphic and postal personnel will obey orders given on behalf of the commander in chief of the allied armies for military purposes. The high commission will have the power, whenever it considers it necessary, to declare a state of siege in any part or all of the territory concerned.

## SUNDAY SCHOOL ASSN. TO MEET IN CONFERENCE SERIES

### First Efficiency Meeting in Dixon M. E. Church Sunday.

The first of a series of County Efficiency Conferences which Lee County Sunday School association expects to hold during the next few weeks, is planned for Sunday afternoon at three o'clock in the M. E. church at Dixon. The second will be on the following Sunday, June 29th, in Paw Paw, and later conferences will meet in Amboy, Ashton and Steward.

These meetings are for the purpose of helping the officers of the County and Community Sunday School associations to a better understanding of their duties and of the plans for the coming months. Each of the 182 association officers in the county is expected to attend one or more of these conferences. A record will be kept of their attendance, and each will be given a manual for association officers. The manual will be used as the textbook for the study periods. Each meeting will have brief devotional periods, an address on organized Sunday school work, a general conference, and five simultaneous conferences for the children's, young people's, adult, educational, and administration divisions of the work. The number of sessions will vary to suit local conditions.

Sunday school workers who are not association officers will be very welcome to any of these meetings. Admission will be free.

The Lee County Sunday School association received unusual notice at the recent state convention in Rock Island, as it was the first county in Illinois to reach the new International Standards, and one of two to receive a beautiful banner from the state association as one of its standard counties. The Sunday school work in Lee county is well organized, and with the training which it hopes to give its workers during the next few months still larger results will undoubtedly be accomplished. The conference to be held on the 22nd in Dixon is only one of several series of meetings planned for the coming year.

### DERKINDEREN WILL ARRIVE IN MONTH

J. DerKinderen, who is to return to Dixon to become secretary of the Y. M. C. A. for another year, will arrive here about July 15, according to word received by Oliver Rogers, president of the Y. M. C. A. Mr. DerKinderen, who has been overseas in Y work, landed in New York last Thursday and planned to visit Boston and Chicago before coming to Dixon.

Upon his arrival here he will be prepared to take up his work as secretary, succeeding Allen W. Davis, who resigned, and H. H. Hagan, who was elected temporary secretary for the intervening period.

### POWERFUL PILE REMEDY DISCOVERED

Has Never Failed to End Most Obstinate Case of Piles in Few Days.

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation.

This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles, that even chronic cases of from 20 to 30 years standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription. "If your druggists cannot supply you we will gladly send either of the above mail charges prepaid on receipt of price. Internal Treatment \$1.50. War Tax 6c. Ointment 50c. War Tax 2c extra. Guaranteed Remedies Co., Elmira, Ohio.

## Wild From Eczema?

Are you tortured by itching, miserable from pain, horrified at your reflection, unable to sleep? Eczema's burning torture and humiliation can be relieved.

Melt a ten-cent bottle of vaseline. Stir into it a heaping spoonful of Ma-oz Anti-Septic Powder. Apply every night to the infected skin. Wash the skin during the day with a solution of a little Ma-oz Anti-Septic Powder dissolved in warm water. Continue this for a week.

Ma-oz Anti-Septic Powder will soothe the pain and stop the itching. Cleanses the blotchy skin, gives you nights of refreshing sleep, days of comfort. A sure, quick relief for eczema and skin troubles. Your druggist has it in three sizes. Get yours today—25c, 50c and \$1.00.

### EXPECT CHARTER FOR DIXON POST OF LEGION SOON

#### All Who Served in Recent War Invited to Join.

A temporary organization of Dixon Post, American Legion, has been made, and applications for membership in the permanent Post are being received daily.

The American Legion is open to all persons who were in the Military or Naval Service during the period of the War, and it is hoped to include in the Dixon Post, all persons in Lee County who are eligible. The only requisites to membership are that the applicant was in Military or Naval Service during the period between April 6, 1917, and Nov. 11, 1918, that he was a citizen of the United States at the time of his enlistment, and is a citizen at the present time. Those persons who were separated from the service on terms amounting to dishonorable discharge, or who refused to perform their military duties on the ground of conscientious or political obligation are barred from membership.

The desirability of making an early application for a charter was urged upon returned soldiers by members of the G. A. R., consequently it was thought advisable to proceed at once to an organization which would be sufficient for purposes of applying for the charter, without waiting for the return of all of the Lee County men who were in the Service.

At a meeting held several weeks ago, at which about forty were present, Lt. Z. W. Moss was appointed temporary chairman, Lt. R. L. Warner, Treasurer, and Sgt. E. C. Dutcher, secretary. A petition for a charter was signed by those present, and assurances have been received from the State Headquarters that it will be granted in a short time. Application blanks for membership have also been received and it is desired that those who wish to join, fill out the necessary papers at the office of R. L. Warner, as early as possible.

From the wording of that part of the constitution which pertains to membership, it appears that women who were in the military or naval service, between the dates above mentioned, as well as men, are eligible for membership, and until it is definitely ascertained that they are not eligible, their applications will be gladly received. It is expected to hold a meeting, as

soon as the petition for a charter has been acted upon and received by the local organization, at which time all who are then members will elect officers for the term of one year.

The meetings up to the present time have been held in G. A. R. hall, the use of which has generously been given to the young men by the Civil War veterans.

### FREEPORT U. C. T. IS TOO MUCH FOR DIXON

Freeport, Ill., June 16.—The baseball nine representing the Freeport commercial travelers defeated the Dixon travelers at Taylor park Saturday afternoon, the final count being 9 to 6. The Dixonites appeared to have the better of the argument until the final three innings when the locals overcame a big lead and finished ahead in the count. Up to the seventh inning the visitors were leading by a 6 to 1 count but a fullscale of hits combined with several Dixon errors gave the Pretzels enough to win in the seventh and eighth innings.

According to reports received from the game it was an interesting affair and the Freeport sluggers deserved their victory. It was impossible to keep a box score of the game as the combination of errors and hits would undoubtedly have had a terrible effect on a person endeavoring to score the game. A return game will be played at Dixon in the near future.

### TWINS FOOL ARMY PAY MASTER IN CAMP

Le Mans.—(By Mail).—The Y. M. C. A. Hut at the Forwarding Camp here has a remarkable pair of cooks. "Pair" is used advisedly, for each is the exact duplicate of the other. One is Howard and the other Harold Wedington, of Stronghurst, Ill. When they are together, it is impossible to tell Howard from Harold and when they are apart, it is impossible to tell Harold from Howard.

A new Army paymaster was completely fooled the other day. Some time after Harold had been paid, Howard's name was called and that twin promptly stepped forward to claim his month stipend. The captain recognized him at once, only he recognized him for the man whom he had just paid, and indignantly threatened to put him into the guardhouse of impersonating his brother. Only after the two brothers were ranged side by side for the inspection of the puzzled paymaster, could he be convinced that he was not being imposed upon.

## ANNOUNCING "THUMB BUTTE"

### The New Silver

#### THUMB BUTTE CONSOLIDATED MINES COMPANY

(Incorporated under the laws of Arizona.)

Principle Office: Prescott, Arizona.

Authorized Capitalization \$1,000,000. Shares, \$1.00 each  
Fully Paid and Non-Assessable—No Bonded or Other Funded Debt.

#### Organization and Management.

C. P. CRAWFORD.....President and General Manager  
R. H. MARCHANT.....Vice President  
A. E. ANDERSON.....Secretary and Treasurer

#### Directors.

C. P. CRAWFORD.....R. H. MARCHANT.....C. L. GILSON  
A. E. ANDERSON.....RICHARD LAMSON

#### Company's Personnel.

The officers and directors of the Thumb Butte Consolidated Mines Company are highly experienced mining and business men, assuring an administration that will accrue to the benefit of shareholders generally.

#### Properties.

The properties of the Company cover in the aggregate 181 acres, consisting of nine full claims, guaranteed as to ownership, title and location. The claims are duly registered under the following designations: LONDON, PHOENIX, PRESCOTT, STAR, CLAIR, ANDERSON, BUTTE, GEORGIA and JACK OF HEARTS. Located approximately seven miles from the City of Prescott, adjoining the Copper Basin.

#### History.

The first claim of the "SILVER BUTTES," by which title the mines were originally known, was staked by S. H. Anderson, December 9, 1895. Up to the time of his death January, 1910, he mined and shipped considerable rich ore, some of which was of pure wire silver character running as high as \$3,000 to the ton. Since that time the properties have been permitted to lie dormant, owing to the unsatisfactory silver condition.

#### Development.

While all of the development has been of shallow character, values have been exceptional. About five hundred feet of work has been accomplished, consisting of open cuts, tunnels and shafts of various depths, in addition to numerous smaller holes which merely uncover ledges. The properties have heretofore been strictly a one-man proposition, as the workings show. A trip through the various workings will convince any mining man that the future for the mine is unlimited. With the development planned by the corporation these claims will prove of intrinsic value, with great commercial possibilities.

#### Vein System of Mineralization.

The persistency of the mineralization is remarkable; in all there are six separate and distinct ledges. The main ledge traverses the entire length of the properties (6,000) feet varying in width from 4 to 20 feet. This is a contact vein lying between an altered diorite foot wall and a rhyolitic hanging wall. The two dykes run parallel to one another and all the workings show it to be nearly in a direct line. The other five ledges run more or less through the properties, each appears to have a separate development trending to one center point, viz., the main ledge. On several of the claims numerous quartz blow-outs occur and they all contain silver, lead, copper or gold.

#### Assays.

Surface assays taken from the 10-foot holes on the Jack of Hearts showed \$23.00 copper. Holes of the same depth on Phoenix and Anderson claims uncovered gold ore which assayed from \$8.00 to \$24.00. At the lower end of property from a 6-foot hole on the Georgia claim and average of the ledge showed \$7.00 in Silver. Ore from the bottom of the 125-foot shaft assayed \$338.00 silver and \$19.20 lead. The last ore taken from this shaft on the 30-foot level, May 26th, assayed \$740.00 in silver and \$20.00 in lead.

#### Operations.

The 100 and 125 foot shafts have been re-timbered and placed in working order, it being determined that they will be the first working points, as operations thus far conducted have proven to embody the heaviest mineralization of the vein. The corporation has purchased thoroughly modern equipment, practically all of which is now on the property ready for installation. Everything should be in readiness by June 25th, at which time operations are scheduled to start.

#### Expert Opinion.

Excerpts from the report of Colonel Fred Bowler, the eminent mining engineer, who is acknowledged as an expert pertaining to mineral conditions of Arizona. He made an extensive examination of the properties and sets forth the following facts: "I have no hesitancy of recommending the Thumb Butte Consolidated Mines Company's ground, owing to the fact that all the conditions, both geological and geographical, point to one sequel; there are all the earmarks of the makings of a producing mine.

"Taking the main ledge as an example, running entirely through the property, it being so conspicuous in its different croppings, showing it to be a large and vast deposit. Also showing it to be a contact vein having a lime-diorite foot wall and a rhyolite hanging wall.

"The fact that the Thumb Butte properties lie in a very favored position, surrounded by such mines on a production basis as the Commercial Mining company, which have been shipping for some time past 100 tons per day; the George U. Young United States property, that was a great shipper until the last few years. These are the properties surrounded and adjacent to the Thumb Butte Consolidated Mines Company's ground. It looks to the writer that there is no way to fail to make a producer of Thumb Butte.

"Summing this all up and knowing the property, it is my candid opinion as an engineer that this property can and will be made a large producer."

#### Plans and Prospects.

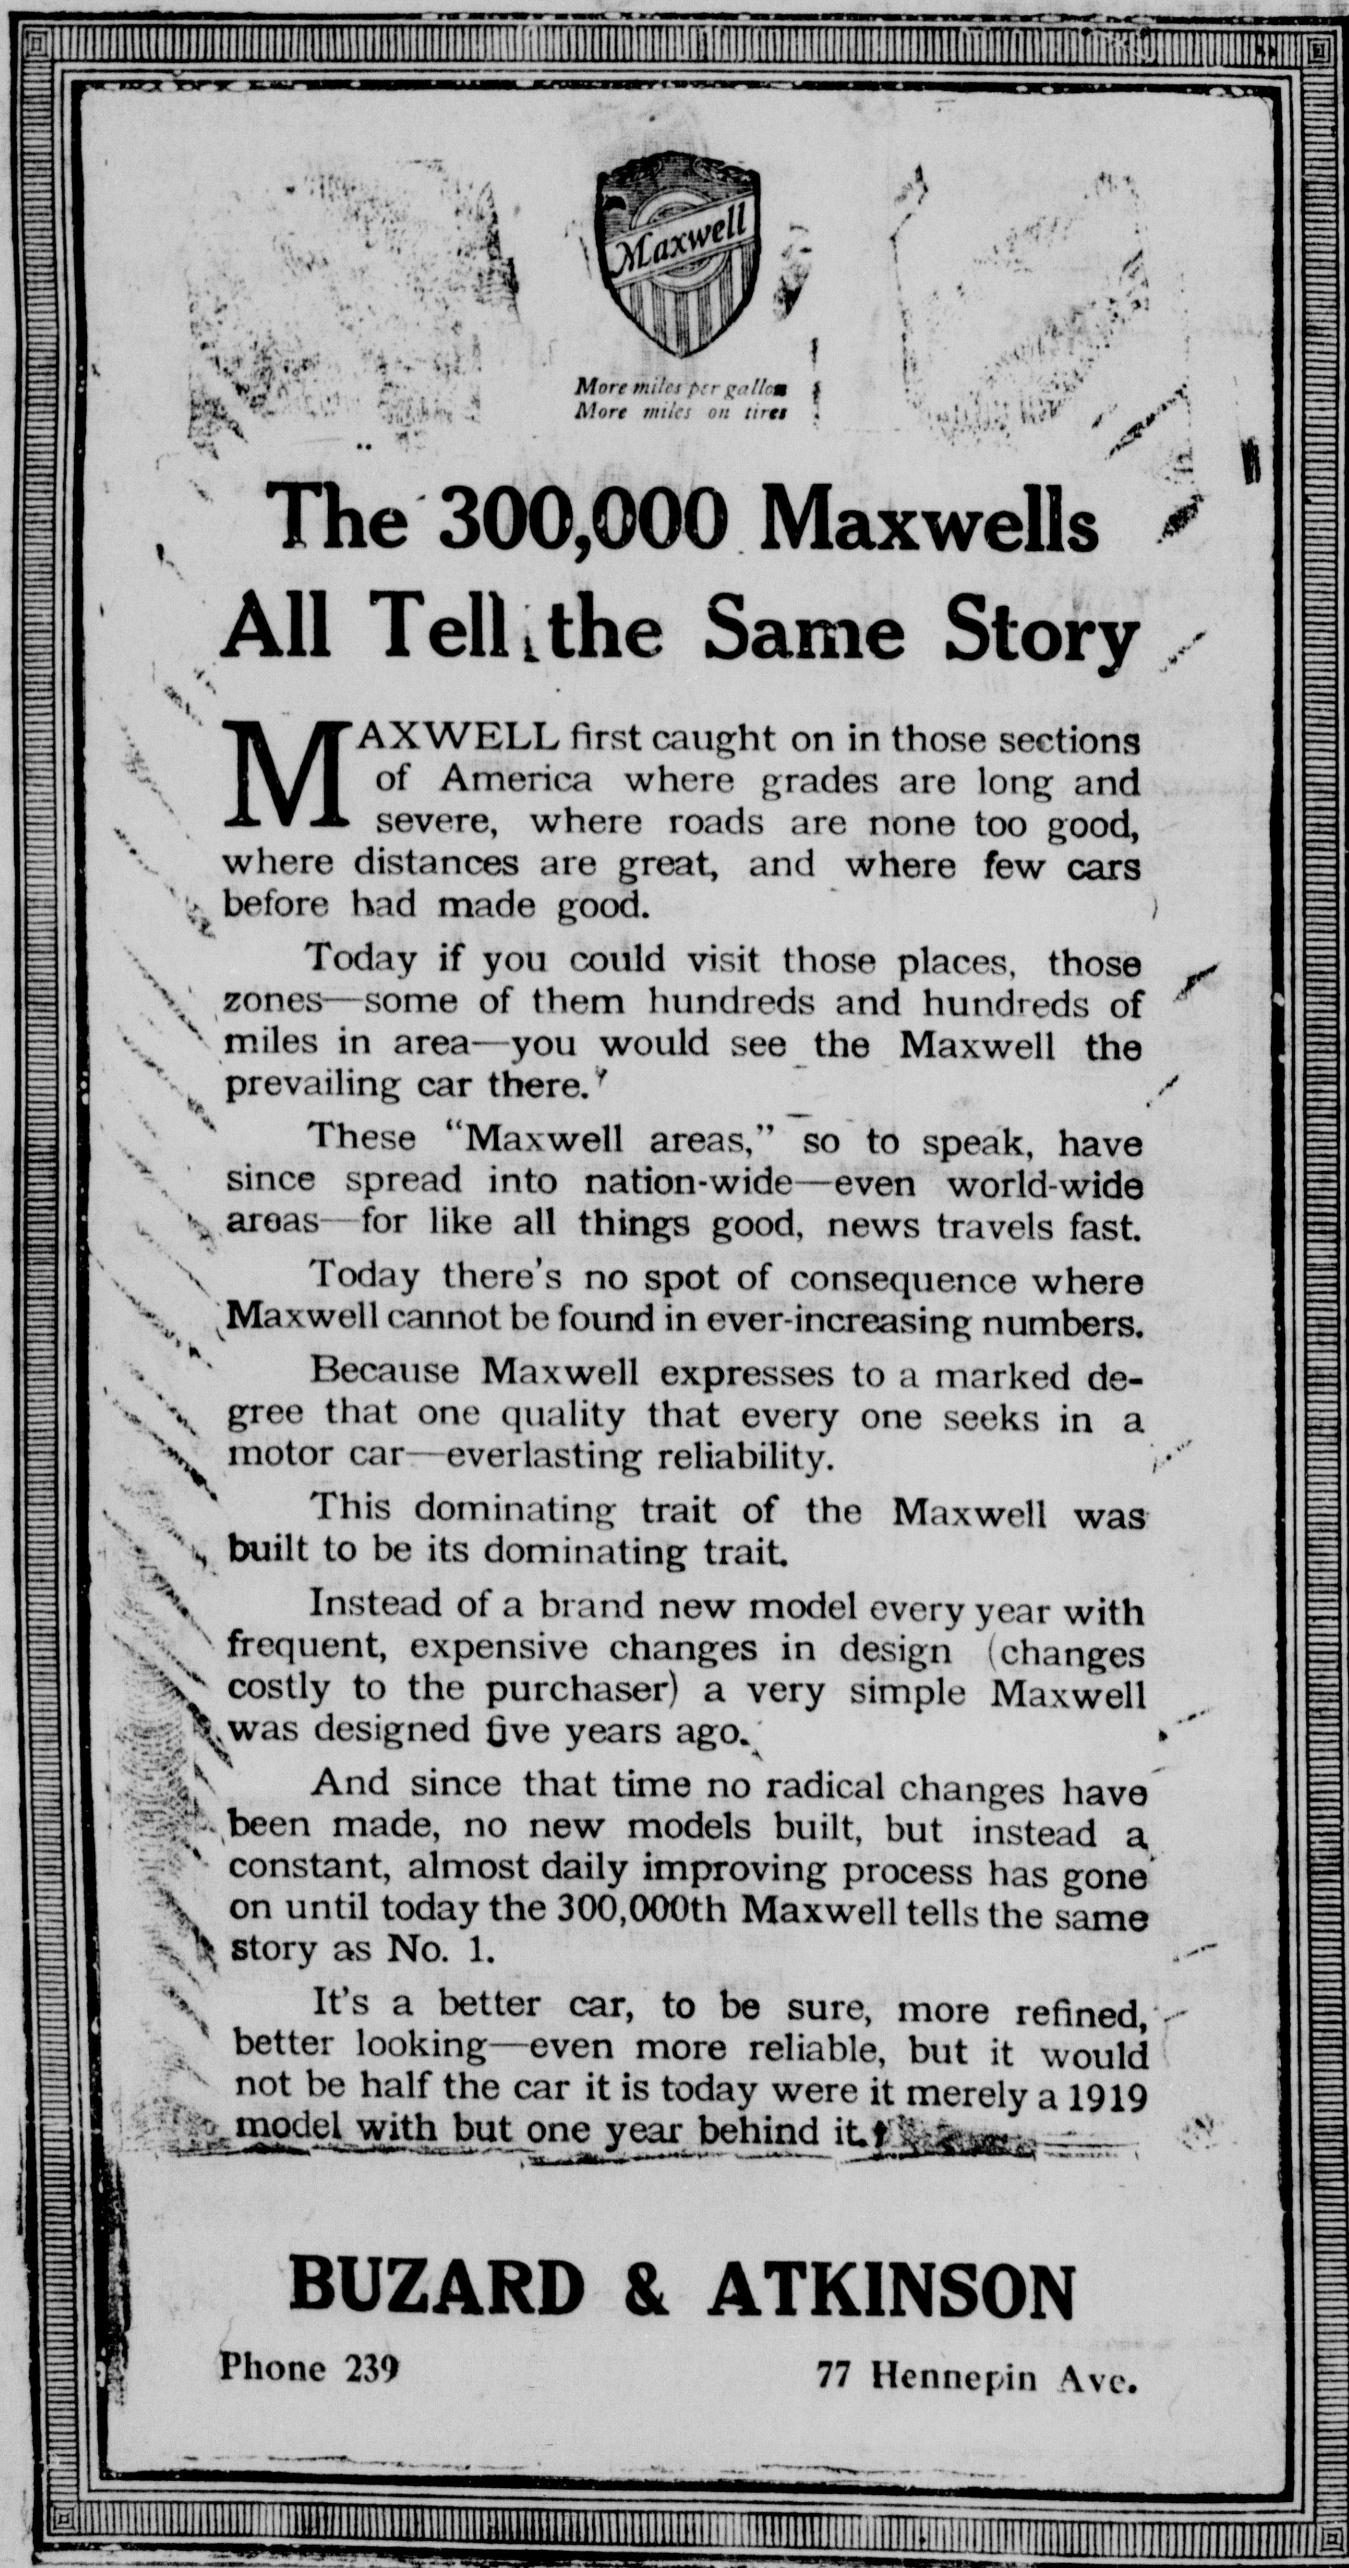

Despite the wealth of rich ore that has been taken from the property at various times, the claims have merely been scratched. The management has wasted no time in the settling up of details for starting an active campaign of operation. Everything has viewed in a big way and the development will be carried out so as to produce a large tonnage of ore as economically as possible.

#### Conclusion.

A close study of Thumb Butte shows that all the conditions geological and geographical are correct. As depth was encountered the values increased from point of wealth. Meaning that it is merely a question of exploration along the known scientific methods of mining to make a big rich mine.

Tomorrow in this paper we will tell you why Thumb Butte will prove to be the buy of a decade.

CLARK-TRAVERSE COMPANY.

**The 300,000 Maxwells All Tell the Same Story**

MAXWELL first caught on in those sections of America where grades are long and severe, where roads are none too good, where distances are great, and where few cars before had made good.

Today if you could visit those places, those zones—some of them hundreds and hundreds of miles in area—you would see the Maxwell the prevailing car there.

These "Maxwell areas," so to speak, have since spread into nation-wide—even world-wide areas—for like all things good, news travels fast.

Today there's no spot of consequence where Maxwell cannot be found in ever-increasing numbers.

Because Maxwell expresses to a marked degree that one quality that every one seeks in a motor car—everlasting reliability.

This dominating trait of the Maxwell was built to be its dominating trait.

Instead of a brand new model every year with frequent, expensive changes in design (changes costly to the purchaser) a very simple Maxwell was designed five years ago.

And since that time no radical changes have been made, no new models built, but instead a constant, almost daily improving process has gone on until today the 300,000th Maxwell tells the same story as No. 1.

It's a better car, to be sure, more refined, better looking—even more reliable, but it would not be half the car it is today were it merely a 1919 model with but one year behind it.

NOTICE IS HEREBY GIVEN to all persons interested, that the Council of the City of Dixon, a municipal corporation, in the County of Lee and State of Illinois, has by LOCAL IMPROVEMENT ORDINANCE Number 191, Series of 1919, passed by the Council of said City of Dixon on the 29th day of April, A. D. 1919, and approved by the Mayor of said City on the 29th day of April, A. D. 1919, provided for the furnishing of the labor and materials for, and the construction of, vitrified tile and sewer for storm water and sanitary purposes with manholes, catch basins and house connection laterals in Jackson Avenue in the City of Dixon, Illinois, from the manhole heretofore constructed at the intersection of Seventh street, southerly to a point Three Hundred and Forty (340) feet south of the center of Ninth Street in said City.

The said manholes are to be constructed along the line of the sewer aforesaid and located as follows: At the center line of Eighth Street; At the center line of Ninth Street; At the southerly terminus of the said sewer. The said catch basins will be located as follows: At the Northeast corner of the intersection of Jackson Avenue and Eighth Street; At the Southeast corner of the intersection of Jackson Avenue and Eighth Street; At the Southwest corner of the intersection of Jackson Avenue and Eighth Street; At the Northwest corner of the intersection of Jackson Avenue and Eighth Street; At the southeast corner of the intersection of Jackson Avenue and Ninth Street; At the southwest corner of the intersection of Jackson Avenue and Ninth Street.

That said Ordinance is now on file in the office of the City Clerk of the City of Dixon, Illinois; that application has been made to the County Court of Lee County, Illinois, for an assessment of the cost of said improvement according to benefits, as provided by law and said Ordinance; that an assessment therefor has been made and returned to said court, and that the final hearing thereon will be had before said Court, in the Court House, in the said City of Dixon, County of Lee, State of Illinois, at 9 o'clock in the forenoon on the 7th day of July, A. D. 1919 or as soon thereafter as the business of the court will permit.

All persons desiring to make objections to said assessment in said court, before said time and may appear at said hearing and make defense.

Said assessment is payable in ten (10) annual installments. All installments bear interest at the rate of Five Per Cent (5%) per annum, according to law, until paid.

Dated at Dixon, Illinois, this 6th day of June, A. D. 1919.

Harold F. Sheller, Commissioner.

## "HARD SKIN" AND FOOT CALLUSES

Magic! Peel them off without pain or soreness

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers. Corns also!

When you peel off corns or calluses with Freezone the skin beneath is left pink and healthy and never sore, tender or even irritated. Try Freezone sure!

## They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigaretty after-taste or any unpleasant cigaretty odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. No matter how liberally you smoke Camels they will not tire your taste!

## BETTER GROWING WEATHER CAUSES CORN WEAKNESS

By Associated Press Leased Wire

Chicago, June 17.—Weakness developed in the corn market today owing more or less to excellent weather conditions for the growing crop. The fact that values had bulged more than 10c within a week had a tendency also to bring about a reaction. Besides, there was a sharp drop this morning in quotations on hogs, and this diminished the margin of feeding profit in grain. Opening prices, which ranged from 3/4c to 1 1/2c lower, with July 1 1/2c to 1 1/2c, and Sept. 1 1/2c to 1 1/2c, were followed by a moderate additional setback.

Oats descended with corn. After opening 3/4c to 3/4c off, including July at 71c to 71 1/2c, the market receded a little more before beginning to rally. Provisions were depressed by the bearish action of cereals and hogs. Most of the business was in lard. Commission houses with eastern connections and recently conspicuous on the buying side, became free sellers, but the market later rallied as a result of persistent buying ascribed to rural sources. The close was unsettled, 3/4c to 2 3/4c net lower, with July 1 1/2c to 1 1/2c and Sept. 1 1/2c to 1 1/2c.

Willard and Dempsey

Will Have Voice in

Selecting Referee

By Associated Press Leased Wire

Toledo, June 17.—Jess Willard and

Jack Dempsey will have a voice in se-

lecting a referee to judge their heavy-

weight championship contest here July

4, despite the prevailing impression

that the third man in the ring will be

chosen by the army, navy and civilian

body of boxing control. This developed

today when the board, in accepting

Promoter Rickard's invitation to pick

the officials for the contest, advised

that both boxers be consulted before a

definite selection is made.

Willard changed his tactics in his

workout yesterday and promises to re-

peat the performance today, much to

the discomfort of his sparring partners.

Instead of handling his sparring mates

gently as he did last week, the cham-

pion showed himself a punishing, hard

hitting fighter. Willard warned his

partners what to expect and bluntly

told them that they would have to look

out for themselves.

HORSES OVERCOME

BY MONDAY'S HEAT

A valuable black horse belonging to

a Freeport man and used by Gind &amp;

Graham, contractors, on the east end

paving improvement, was overcome by

the heat yesterday afternoon about 5

o'clock at the corner of Galena avenue

and Second street. A veterinarian was

summoned and gave the animal im-

mediate attention, later removing it to

a livery stable, where it was today re-

ported as recovering rapidly.

A 16-year-old boy was driving the

team and noticed that the animal had

stopped sweating. He had ample pre-

sence of mind and had started for a

livery barn, believing that the animal was

suffering from the heat. The horse

dropped in the street on the way to the

barn. Two horses were overcome by

the heat on the north side of the river

yesterday afternoon but both are re-

ported as recovering.
